Then we are talking about thousands of jobs for our skilled workers building the skyscrapers. After that you are talking about thousand of jobs and finally keeping our young people home in Lake County with professional jobs as well as skilled union positions.

Our local businesses would expand, our Universities would grow and our Regional Airport would then be a success. The opportunities with a new Lake Shore Drive connecting with the Chicago Outer Drive would be the best thing to happen in Lake County since the Steel Mills located here.

The two, Welfare relief and a Outer Drive on the lake front would do more for the quality of life for every Citizen of Lake County than any other proposed project. We would than be able to compete with anyone at being the # 1 place to live in America.

Gerry J. Scheub, Vice President
Lake County Commissioner
